Sterling Heights, MI

Phone: 586-438-1181, Email: [jalen9434@gmail.com](mailto:jalen9434@gmail.com), LinkedIn: <https://www.linkedin.com/in/jalenj99/>

## OBJECTIVE

I aim to apply and grow my technical skills, problem-solving mindset, and curiosity in both engineering and computer science. I'm looking to contribute to real-world systems and tech solutions while continuing to learn and develop across hardware, software, and integration work.

## EDUCATION

<b>University of Detroit Mercy</b>	<b>Detroit, MI</b>	<b>[Sep 2023 – Current]</b>
<i>Bachelor of Science in Computer Science &amp; Master of Science in Software Engineering (Honors)</i>		
▪ Expected Graduation Date: <i>Winter 2028</i>		

- Minor in leadership
- Certificate in Language Studies I (French)
- Cybersecurity Club Executive, Honors Program Executive
- Relevant Courses: Data Structures, Java, Mobile App Development, Web Technology, Database Systems

## WORK EXPERIENCE

<b>Cummins</b>	<b>Troy, MI</b>	<b>[Mar 2025 – Present]</b>
<i>Integration Engineer Co-op</i>		
▪ Built test benches for vehicle systems and component checks		

- Tested supplier harnesses, shift actuators for function and safety
- Used PCAN tools to flash modules and assist with CAN diagnostics
- Documented results and supported PCM, inverter, and wiring integration

<b>Utica Community Schools</b>	<b>Sterling Heights, MI</b>	<b>[Jun 2024 – Aug 2024]</b>
<i>IT Help Desk Co-op</i>		
▪ Ticketed and documented technology/computer repairs		

- Installed operating systems (Windows)
- Imaged hundreds of devices per building
- Performed hardware repairs, proper wiring, equipment checks

<b>University of Detroit Mercy</b>	<b>Detroit, MI</b>	<b>[Sep 2023 – Apr 2024]</b>
<i>IT Help Desk Assistant</i>		
▪ Ticketed and documented technology/computer repairs		

- Answered phone calls and support student IT issues
- Performed minor software/hardware repairs

## OTHER EDUCATION/SCHOOL EXPERIENCE

- Helped develop a Fitness Tracker App (Android)
- Worked on a dog-walking website with Rippen for a real client
- Forming an AI thesis research topic on how racial biases affect machines

## SKILLS

- Java, C++, and SQL
- Web and mobile app development
- System troubleshooting and device imaging
- Database design and management
- Engineering test setup and electrical diagnostics
